# Boots & Shoes for Winter Season

## COLIN GRANT,

IT WAS great pleasure in taking another opportunity of thanking his many Friends for their continued and exceedingly liberal support. In renewing our promise to do all we know to produce such Goods as will meet the varied requirements of our many Patrons, we think it right to mention that we have determined, under all circumstances, to maintain THE HIGHEST QUALITY in our Goods. We have always in the past set our face against manufacturing doubtful and rubbishy goods, and we intend to stick fast to this policy.

*Mr John T. Day, Editor of the "Shoe and Leather Record," one of the first authorities in the Kingdom, says:—"Weighted leather and leather substitutes are alike injurious to the health of those who wear the boots in which they are employed. Doctors are agreed that a large proportion of the ills to which our flesh is heir may be directly traced to the wearing of boots which do not keep the feet warm and dry. 'All leather' boots will do this. Shoddy boots will not. Those who value their health will therefore insist upon buying good boots.*

We use every means to protect ourselves and our Customers against all shoddy material, and can confidently claim for all Goods of our own manufacture, the great superiority of being made from the most excellent Bark-tanned Leather. The very cheapest Boots, Shoes, and Slippers we produce have Insoles of the Very Best English Oak Bark-tanned Leather, warranted to keep the Feet thoroughly Dry and Comfortable. This is of the very greatest importance, and we guarantee our every Manufacture to possess those Qualities.

86 HIGH ST., 249 HIGH ST., 21 WEST PORT.

We always, at Christmas and New Year Times,  
devote Special Attention to

*Ladies' and Misses' Evening Dress Boots, Shoes,  
and Slippers,*

OF THE BEST ENGLISH AND FRENCH MAKES,  
IN GREAT VARIETY.

*Gentlemen's Dress Boots and Shoes (Own Make)*

OF THE VERY BEST QUALITY.

## Boots & Shoes for Summer Wear.

**Y**EAR after year we have been gratified by the hearty response to every effort to supply only **BOOTS AND SHOES** of the Most Excellent Qualities. It has always been our aim to buy only the **VERY BEST MATERIALS**, and manufacture a **JUST AND RELIABLE ARTICLE**. We are proud to say that we have found this course duly appreciated by our many Customers from their Liberal, Constant, and Steadily-Increasing Support. This encouragement, and our Sense of the Worth and Magnitude which our Retail Business has reached, make us again and again renew our efforts to meet every Requirement of our Customers; and from our Greater Experience, our Thoroughly Practical Knowledge, and a Stern Determination not to be easily Equalled, we have made Progress.

We would specially call attention to our **LADIES' LACE AND BUTTON BOOTS AND SHOES**, Cut from the Very Choicest Glove and Glacé Kid, and made by the Most Select Workmen. These Goods are of the Most Elegant Designs, and for Smartness and Comfort are Perfection. Also, **GENTLEMEN'S LACE, SIDE SPRING, WALKING, AND SHOOTING BOOTS, LORNE AND OXFORD SHOES, BROWN BOOTS AND SHOES, AND CRICKET, TENNIS, and other Sporting Footgear.**

MR DAVID CORSAR, FOUNDER OF THE LIBRARY BUILDINGS.

## Arbroath During the Year 1898.

THE opening of the Public Library Buildings in June is the most important event in the history of Arbroath for the year 1898. The formal opening took place on Saturday, 4th June, and the occasion was celebrated by a procession of public bodies, volunteers, trades, friendly societies, &c. After Mr David Corsar, the donor of the buildings, had handed to Provost Grant the deed of gift, which made the Library Buildings for all time the property of the community, the door was opened by Mr Alexander Gordon, Ashludie, first Chairman of the Library Committee. Great interest was given to the event by the presence of the Right Hon. John Morley, M.P. for the Angus Burghs, who spoke to an enormous crowd at Hill Terrace, and also addressed a large gathering of gentlemen at a cake and wine banquet given by the Town Council, and held in the Town Hall. Sports were held at the Victoria Park; the principal streets were all decorated with flags, evergreens, &c., and the whole community made the celebration of the occasion worthy of the great cause with which it was associated.

MR MORLEY SPEAKING AT THE OPENING OF LIBRARY BUILDINGS.

Since its start the Library has proved exceedingly popular. From 6th June to 15th October the books issued from the Lending Department numbered 33,755; the readers' tickets issued numbering 4,458. The Reading and Reference Rooms have been visited by about 300 persons daily; and an exhibition of pictures organised by the Art Galleries Committee, under the energetic convenership of Mr Samuel Renny, attracted over 15,000 visitors.

Some difficulty having been experienced in meeting adequately all the expenses of the Institution by the ordinary revenue, Mr David Corsar intimated, with characteristic promptitude and generosity, a donation to the funds of £500, to be given in annual grants of £100, in order to secure the effective staffing of the Library. Mr Corsar's liberality was heartily appreciated by the Library Committee and by the community. A recommendation by the Directors of the Mechanics' Institute, that the resources of the Institute should be transferred to the Library Committee, was discussed at a meeting of members of the Institute held in September, when it was agreed, on the motion of Rev. Mr Douglas, to delay coming to any decision for six months.

In November Mr Alexander Gordon intimated to the Town Council his desire to retire from the Chairmanship of the Library Committee. The Town Council unanimously agreed to appoint Mr J. B. Salmond, the first honorary secretary of the Library Committee, to the vacancy caused by Mr Gordon's retiral. Mr Salmond, however, did not see his way to accept office. An effort was made to get Mr David Corsar to become a member of the Committee. Mr Corsar was unanimously appointed a member of the Library Committee by the Town Council, and accepted office; the new Library Committee, at its first meeting, appointed him chairman. The Town Council restored Dr T. F. Dewar to his place on the Committee, ex-Provost Keith and Mr E. J. Leslie being also elected to fill vacancies. Mr William Alexander, solicitor, has now been appointed secretary to the Library Committee at an annual salary of £12 12s.

The most interesting local publication of the year has been the "Visitors' Guide to Arbroath, its Abbey and the Cliffs" written by Mr J. B. Salmond, and published by Messrs Brodie & Salmond. Published in August it had an exceptionally large sale, both amongst Arbroathians and visitors. During the past four or five years there has been a striking increase in the number of summer visitors to Arbroath; in 1898 the incursion of visitors far surpassed all previous records, a very large number remaining in the burgh for some time as "summer lodgers." An interesting Bazaar Book, published by St Thomas Lodge of Freemasons (No. 40) on the occasion of the Lodge's Bazaar, may also be mentioned. It contained an interesting history of the Lodge—the oldest in the community—and its illustrations included a series of excellent portraits of the office-bearers of the Lodge and other well-known gentlemen.

PROVOST GRANT.

The Town Council and the Boards associated with it in the management of the town's affairs have had a busy year. Under the genial presidency of Provost Grant a great deal of business has been very pleasantly and effectively attended to. The Town Council did not succeed in inducing the Postal Authorities to bring forward their new Post Office to the High Street, and building operations are now proceeding on the site opposite the present office. In their appeal to the Railway Commissioners for better railway station accommodation, the Town Council was also unsuccessful; but it is believed

that the Railway Directors are very uneasy in their consciences regarding the flagrant inadequacy of Arbroath Station, and it is not unlikely that a new station may be in course of erection before the dawn of the new century. Important street improvements have been effected on High Street, at West Shore, and elsewhere; a great improvement is being effected by the removal of old buildings at the Abbey Green; a new Public Bowling Green is in course of construction at Cairnie Wood; great additional improvements have been carried out on the seashore roadway at Victoria Park, which has now become one of the most popular recreative institutions in the town. The larger bell in the Town's Steeple having got cracked, the Council has resolved to replace it, and to fix a complete peal of bells in the spire.

As Police Commissioners, the Town Councillors have been wrestling away all the year with the question of Water Supply. Mr Mansergh, London, was asked to come down from London and say whether the plans prepared for the construction of the Warslapadits were workable. Mr Mansergh advised con-

*Here are one or two Opinions upon Printing turned out at the ARBROATH HERALD OFFICE :*

The Glasgow Herald says—"The Office of the Arbroath Herald may be congratulated on the handsome appearance of their books, which, in all respects, are QUITE EQUAL TO THE BEST WORK OF MOST OF THE LEADING LONDON PUBLISHERS."

The British Printer says—"Printing work of Messrs Brodie & Salmond exhibits a wide range of typography, from name cards up to books, all executed with good taste and workmanlike skill."

An H.M. Inspector of Schools writes—"The pamphlet is a most excellent bit of letterpress work. I did not think that printing work so excellent in every respect could be done outside large cities."

Dr Moxey, the Distinguished Elocutionist, says—"The programme pleases me exceedingly. The arrangement is quite original in style, and altogether happy. The whole get-up is admirable."

The John o' Groats Journal says—"As pretty a pamphlet from the printers' point of view as we have ever seen."

Henry stated in his report that he had been informed that the water supply was to be increased to 16 gallons per head per day in January, 1899, and to 22 gallons per head per day by January, 1900. Mr M'Culloch, the Commission's engineer, states that Sir Henry misunderstood what he said to him regarding increase of the supply. Sir Henry Littlejohn has as yet taken no notice of Mr M'Culloch's statement, so that the Local Government Board, like the community, now waits to see the result of the extension of the adit.

The Commission has not yet been able to settle the Shambles question, although a great many probable sites have been examined and reported upon. There is, however, some expectation that a suitable site will be got before very long. The regular work of the Commission has been going on smoothly, and the ratepayers were gratified by a reduction of the Police Rate to the extent of 5d per £. There has been a great deal of Public Health business. Unfortunately whooping-cough, measles, and fever have been very prevalent; and the School Board recently called the special attention of the Medical Officer to the serious aspect of things which the continuance of scarlet fever presents.

siderable changes, charged a handsome fee, and seemed very glad when he got his hands clear of the whole matter. Mr Mansergh's proposals have not been carried out. Two hundred yards of adits have now been driven; a fortnight's pumping test in November showed a supply of  $11\frac{1}{2}$  gallons per head per day—the water being measured by meter. By a majority of one, the Police Commission resolved that an additional three hundred yards of adit should be driven, so that the wells at Nolt Loan and Warslap might be connected. The Local Government Board sent down its Medical Officer, Sir Henry Littlejohn, to report regarding the condition of the town's drainage and water supply. Sir

The Burial Board has had no business of outstanding importance. Under Mr Rust the cemeteries continue to be excellently and economically managed. It has been agreed to feu some three or four acres of the land at Little Cairnie—the part adjoining the Hercules Burn—for the erection of an Epidemic Hospital, to serve both the burgh and the district under the care of the Arbroath District Committee of the County Council. Mr R. S. Carlow was able to present to the Gas Corporation a very satisfactory report on the year's business at the Gas Works. The Corporation has found it necessary to apply for extension of its borrowing powers, and a provisional order is also being applied for to enable the Corporation to introduce electric lighting.

Considerable change has taken place in the *personelle* of the Town Council during the year. Bailie Cargill's death created a vacancy both in the Council and on the Magistrates' bench. Dr T. F. Dewar was unanimously elected *interim* representative of Abbey Ward, and Councillor Henderson was elected Third Bailie, Bailie Alexander and Bailie Melvin taking the first and second bailiships. At the elections in November four new members took their seats—Councillors E. J. Leslie, David Robbie, W. S. Watt, and John Dundas. Councillors Leslie, Watt, and Robbie took the seats rendered vacant by the retiral of Messrs Jarvis, Law, and Smith, none of whom sought re-election, and Councillor Dundas defeated Bailie Henderson in Keptie Ward.

At the first meeting of the reconstituted Town Council, Provost Grant was unanimously re-elected Chief Magistrate for three years. Bailies Alexander and Melvin were also re-elected, and the third chair was bestowed upon Dean of Guild Duncan, whose promotion gained general approval. Councillor Corsar was unanimously chosen Dean of Guild.

The first Parish Council of Arbroath and St Vigeans completed its work during the year, and in November the new Council was elected, the election taking place on the same day and in the same polling stations as the Municipal Elections. There were only two contested elections—Keptie and Abbey Wards. The result of the election was the introduction of four fresh burghal representatives, who took the places of four old members who did not seek re-election. The first Parish Council managed to present a very creditable record of work, and before completing its stewardship it was in the fortunate position of being able to reduce the Poor Rate by 1d per £1. This had been accomplished without in any way decreasing the comforts of the poor. There has indeed been a move in the direction of more generous treatment all round, and the dietary in the Poorhouse has been considerably improved.

At its first meeting the newly-constituted Council unanimously re-elected Bailie Duncan to the chair, the Bailie's direction of the business of the first Council being spoken of in highly commendatory terms both by burghal and landward members. Certain of the landward ratepayers are not satisfied with their position in the Council of the united parish, and they resolved to petition the Secretary for Scotland for disjunction.

MR A. D. LOWSON.

Trade in the town has been fairly good. In the textile industries employment has been steady, and several of the larger works have enjoyed seasons of very brisk trade. The settlement of the affairs of the late Andrew Lowson caused considerable anxiety amongst many of his employees; the whole of the works have now, however, been taken over by a limited liability company constituted under the name of Andrew Lowson, Ltd., (capital £50,000), at the head of which is Mr A. D. Lowson so long associated with his father in the direction of the business. Mr Lowson has associated with him in the directorate several of the gentlemen who were heads of departments

under the late Mr Lowson, and the shares of the new company are largely held by members of Mr Lowson's family. The best wishes of the whole community will attend the new firm. The fact that the New Year holidays in the textile factories are being cut down this year to three days may be taken as an indication of a healthy condition of trade in this department of the town's industry. The Millgate Tanworks, belonging to the late Bailie Lyon, have been acquired by Mr Samuel Fairweather, Abbey Leather Works, and under his energetic direction it is expected the business will be maintained and extended. There have been disputes amongst local engineers, ironmoulders, shoemakers, joiners, &c., but fortunately none of them assumed great proportions. Tailors and joiners have had their wages increased, and the shoemakers at the works of Provost Grant and Mr Samuel Fairweather were granted a reduction of hours.

The erection of new sawmills at Ladyloan, and the conversion of the business of The Sawmill Company into a limited liability company under the title of Messrs Charles Brown & Co., Ltd., (capital £25,000) are events of interest in the trade of the year. Several new mineral water manufactories have been started; this trade seems to be increasing very rapidly. There has been thriving trade during the year, too, in buying and selling publichouses. The Magistrates now make it a rule to make public the price paid in cases of sale of licensed premises; and the particulars given show that there must still be big profits in "the trade." Several old-established bars have changed hands during the year at handsome prices. The year has been one of great activity in the building trades. A very large number of new buildings have been erected in all parts of the town, and the new year opens with the promise of continued activity in this direction. The line fishermen have had a poor year, and the herring fishing at Arbroath was a failure. The Harbour Revenue for the year shows a considerable decrease, the Trustees finding themselves under the necessity of drawing upon their reserve fund in order to pay the bondholders their 3 per cent dividend. Special mention must be made of the change of the Wednesday half-holiday closing hour to one o'clock. The change was carried out with a unanimity which did very great credit to the shopkeepers of the town.

In educational matters the year has been one of most important changes and beginnings. The School Board has found itself very fully occupied in discussing matters connected with school organisation, property, &c. The Technical School at the High School is now open, and classes have been formed which in time are likely to be of distinct service in connection with various industries in the community. At the High School the results of the Leaving Certificate, and Art and Science examinations were all regarded as highly satisfactory. The medallists for the year were:—Latin—Mary S. Lilley; English—Mary S. Lilley; Mathematics—Lillian S. Ross; Writing—David Ducat; French—Mary S. Lilley; German—Mary S. Lilley; Science—John E. McGillvray; Golf (boys)—David A. Hutchison; (girls)—Agnes Campbell. In the elementary schools the teachers are engaged in the task of taking advantage of the revised regulations of the Education Department, and the School Board is doing what it can to advise parents regarding the new Labour and Merit Certificates, and to persuade them all to keep their children at school as long as possible. A strong effort is also being made to get rid of Friday afternoon absenteeism, an evil which has been growing very markedly of late. There have been several changes amongst teachers. Mr W. Grant was appointed headmaster of Ladyloan Public School, succeeding Mr Alex. Kydd, who died early in the year. Mr Dennler was appointed Master of Modern Languages in the High School in place of Mr Grant. Mr James Cox succeeded Mr L. H. Duff as schoolmaster at St Vigeans, Mr Cox's headmastership at Carmyllie passing to Mr W. F. Anderson, Arbroath. A considerable number

of changes have also taken place in the assistantships in the various schools. To the vacancy in the School Board caused by the death of Rev. James Thomson, Rev. Alexander Stirling was appointed by the Board. The Educational Institute at its annual meeting in September conferred the honour of fellowship upon two Arbroath headmasters—Mr Douglas Watters, and Mr James Guild, B.A., London. The election of Mr W. L. Carrie, M.A., to the principalship of George Watson's College, Edinburgh, as successor to Dr George Ogilvie, is an honour to a teacher born and trained in Arbroath which may well be recorded here.

St Thomas Roman Catholic Church celebrated its Jubilee by special services, &c., Rev. Father M'Donald giving an interesting sketch of the history of the church in Arbroath. The name of Rev. The question of Union between the Free and United Presbyterian Churches has occupied a good deal of attention during the year. Both Arbroath Presbyteries have

Religious and philanthropic organisations have all been active. Inverbrothock Parish Church found a worthy successor to the late Rev. Geo. Logan in Rev. David Graham who has shown great talent and activity since his induction early in the year. The Rev. A. signified their approval of Union. Principal Rainy visited Arbroath in November and addressed a meeting of Free Church office-bearers on the question. Free Inverbrothock Church received, under the will of the late Mrs Sutherland, bookseller, a handsome bequest which will wholly relieve the congregation of the debt resting upon its fine church buildings at Hopemount. Memorial windows are being erected in the church in memory of members of Mrs Sutherland's family, money having been left by Mrs Sutherland for this purpose. Baillie and Mrs Alexander, Hyde Park, presented to Princes Street United Presbyterian Church a handsome granite baptismal font.

Bazaars and sales of work continue as popular as ever as money-raisers for kirks and kindred institutions. St Margaret's Women's Guild, £87; Abbey Parish Church, £87; St Ninian's £20; Ladies' Clothing Society, £617; Knox's Free Church, £38; St Mary's Episcopal Church, £140; Town Mission, £54; Inverbrothock Woman's Guild, £114; Princes Street United Presbyterian Church, £45; these are sums which have been raised for congregational, missionary, and other benevolent purposes during the year by means of sales of work, &c. It may be mentioned here that St Thomas Lodge of Free Masons, No. 40, raised considerably over £600 by its bazaar organised to pay off its hall debt and to establish a benevolent fund.

The Young Men's and the Young Women's Christian Associations have maintained creditable activity in all their departments of work during the year; under Mr Moffat, the Town Mission continues to do excellent Christian service. The Mission celebrates its Jubilee in January 1899, and its Directors have resolved that that celebration shall include the clearance of what remains of debt upon the Mission Buildings. May they succeed in their commendable effort! The Sabbath School Teachers' Union has been resuscitated

under the presidency of Mr Alexander Balfour, Inchock, and its opening social meeting was most successful and encouraging. The Boys' Brigade and Christian Endeavour movements have also prospered during the year, and flourishing branches have been established in town. The Literary Society of Princes Street United Presbyterian Church is this session celebrating the attainment of its majority. Lectures have already been given by Rev. James Murray, Rev. A. B. Cameron, D.D., Edinburgh, and Mr D. S. Salmond, Glasgow, and other special meetings have been arranged by the Society to celebrate the occasion.

MISS RENNY.

The year 1897 was one memorable on account of the number of well-known men and women who passed away during its course. During 1898 death has not been less exacting, and the year's obituary list is one which has in it many names, the mention of which will bring a deep sense of loss to the whole community. The death of Miss Renny, Annesley, robbed the Ladies' Clothing Society of a most devoted secretary, deprived many frail and aged people of the visits of one whose kindness brought sunshine and joy into their lives, and took from the community a most estimable lady whose memory will remain green in many hearts. The

tragic death of Rev. James Thomson, minister of the Old Church, was as sad an event as is recorded in the ecclesiastical history of Arbroath for many years. Bailie James Cargill died suddenly and tragically in the early days of the year. William Rollo, agent for the Commercial Bank died at the good old age of 74 years, a gentleman whose integrity of character and multifarious labours for the community's welfare made him honoured and honourable in his generation. Alexander Kydd (62) headmaster of Ladyloan Public School; Dr James Adams (59) The Willows; ex-Councillor John Brown (71) one well-known for many years in the political and social movements of the town; Mr James Allan (87), brother of the late Patrick Allan-Fraser of Hospitalfield; Captain John Ritchie (71); David Christie, joiner (66); James Kyd, Viewbank (76); ex-Councillor John Napier (65); Thomas Booth, teacher of music (47); Peter Hampton,

REV. JAMES THOMSON.

veterinary surgeon (74); James Scott, mill manager (43), long well-known as a playing member of the A. U. C. C.; Robert Farquharson, glazier (73), a genial friend, and a man of exceptional force of character; Mr Alexander Gilbert, pilot master (79); Patrick Anderson, farmer (62); Jonathan Morrison, flax inspector, a well-known and highly-esteemed Free Churchman; David Crockatt, vintner (61); P. E. Colvin (60) Caledonian Railway Company's goods agent; Miss Christie, scripture reader (56); Micah Matthew, clothier (67), a retiring, generous, well-informed Original Seceder; John Walker, land steward (60); George Chisholm, clerk (43); William Collie, shoemaker, long a well-known football-player — These are all well-known names that have now to be added to the record of those who have passed to the other side. The names of John Ritchie Findlay, proprietor of the *Scotsman* and founder of the Scottish National Portrait Gallery; Joseph G. Wishart, Port Elizabeth; Alexander Ritchie, Leipsic; W. S. Stephen, Brazil; Percy Blakelock, Kelly Castle (69); Mrs Brown, postmistress, Auchmithie (92) who was when she died the oldest servant in H.M. Postal Service; David Craig, Idvies; Captain W. Reid (75); Robert Henderson, Buenos Ayres (78); William Paris, Dundee (74); Captain Alexander Craig (56); Captain D. Cargill, Brechin (80); John A. Chisholm, Perth (82) have also to be added to the list of sons of Arbroath—native and adopted—who have finished their course.

Notwithstanding the recent extension, the Infirmary has had its accommodation fully taken advantage of during the year, and the Directors are appealing to the community for increased support to enable the institution to continue effectively its indispensable services. A certificated dispensing nurse has now been added to the Infirmary staff, and improved arrangements have been made regarding the hours when medicines may be obtained from the dispensing department.

The Arbroath and District Nursing Association has been doing an excellent work. The visits of its nurse, Miss Easton, during the year numbered 3793, and the kindly services of the Association at times of distress in humble homes are gaining for it widespread public regard. Like most institutions which depend largely upon public generosity, it finds itself in need of increased support, and at its annual meeting the other day, the President, Mr C. W. Corsar, and Rev. Andrew Douglas made an earnest appeal for greater public interest in the Association and its work, and for more liberal support, especially from the younger gentlemen in the community.

UMBRELLAS Re-Covered and Repaired.

The miscellaneous history of the year includes nothing of outstanding interest. A great storm visited the district in the middle of October. Two Norwegian vessels were wrecked—one at the Sands opposite Hospitalfield, and the other at Danger Point. Members of the Lifeboat Crew and the Life-Saving Brigade showed considerable bravery in saving life, and the Royal National Lifeboat Institution has awarded a vellum certificate to Coxswain Smith of the lifeboat. Certain difficulties experienced in connection with the management of the lifeboat have resulted in the Lifeboat Institution determining to provide a new, up-to-date lifeboat for Arbroath. The local companies of the Artillery Volunteers and Angus Rifles have both had very successful years, the annual inspections of both detachments calling forth strong praise from the inspecting officers. The Arbroath United Cricket Club had a fairly successful season, playing 23 matches, of which 10 were won, 6 lost, and 7 drawn. All the younger cricket clubs had a lively season. The Arbroath Football Club has revived popular enthusiasm by fine play in the Scottish and Forfarshire ties this season. Not for years has the team been so popular in town. In bowling, Newgate Club distinguished itself both in the Forfarshire Rink Tournament, and in the matches for the Forfar, Fife, and Perth Challenge Trophy. The Newgate gained second place in both competitions. An interesting presentation to Mr Andrew Bennet, solicitor, by Newgate Club, to which, as secretary, he has done an immense amount of valuable service, must also be mentioned. Bailie Herald, president, on behalf of the members, presented Mr Bennet with a handsome study chair and revolving bookcase. The establishment of a new Swimming Club, the St Thomas, gave a great interest to aquatic sport, and a swimming gala held by the St Thomas proved a most successful display. The new interest in swimming was considerably stimulated too by well-deserved awards to Mr James Cables, Mr Enoch Bell, and Mr D. Stewart for gallantry in efforts to save life at the Cliffs and Sands. Three deaths by drowning mark this year's record of accidents. A lad named Graham was drowned at the Cliffs; a lad named Anderson was drowned while bathing in the harbour; and a ploughman wandered down to the docks on the night of Saturday, 6th August, and was found drowned on Sunday morning. Mention must also be made of the Highland Gathering held at Seaton in August. Several excellent horse races proved a great attraction. The Angus Agricultural Show came off at Hospitalfield in July, and proved one of the most interesting and successful ever held under the Angus Association's auspices.

The community goes forward to 1899 with fair prospects before it. There are troublous public questions to deal with, and unwise views of them to eradicate; but time and consideration will solve these problems. Looking back upon yesterday with cheerfulness and gratitude, and forward to to-morrow with confidence, we heartily wish every reader of the *Arbroath Herald* and the *Year Book*

“A Happy New Year.”

## Mortifications, &amp;c.

**ARROT'S MORTIFICATION.**—The late Dr James Arrot, Dundee, by his trust-disposition and settlement, bequeathed the residue of his Estate to the minister and kirk-session of the parish of Arbroath to be applied by them, at their discretion, for the benefit of aged, poor, deserving persons resident within their jurisdiction, and not in receipt of parochial relief. The sum presently held by the trustees amounts to about £4600, and an additional £1000 or more will accrue on the death of a life-renter. At a meeting recently held, the trustees granted annuities of £6 each to 19 persons, besides giving small grants of 20s and 30s to several others. Webster and Littlejohn, solicitors, Arbroath, agents.

**ARBKIE FUND, 1876.**—This Fund was created by the late John Mudie, Esq., of Pitmuies, who bequeathed the personal estate of his sister, the late Miss Catherine Mudie, of Arbiekie, to which he had succeeded as her Residuary Legatee, for the purpose of dividing the Free Revenue in annuities of £40 each, amongst deserving persons residing in the parishes of Arbroath and St Vigeans. In case of equal merit, preference to be given to a candidate belonging to St Mary's Episcopal Church, Arbroath. Sir Leonard Lyell, Bart., of Kinnordy and Arbiekie, the Minister of St Mary's Episcopal Church, Arbroath, the Parish Ministers of Arbroath and St Vigeans, and the Provost and Town-Clerk of Arbroath, Trustees. J. & W. Macdonald, Agents.

**ARBROATH EDUCATIONAL TRUST.**—This Governing Body, constituted under the Educational Endowments (Scotland) Act, 1882, deals with the educational endowments under the Gibson Fund, the Colvill Mortification, Dove's Charity, Rickards Legacy, and the Funds of the Female Benevolent Society. The scheme constituting the Trust provides that the Colvill Mortification Trustees shall pay to the Trust the sum of £60 yearly, and the Trustees of the Gibson Fund shall pay £100 yearly, and in the event of the annual revenue of the Gibson Fund exceeding £1050, that not exceeding one-half of such excess shall be paid over to the trust, in addition to the annual payment of £100. For the promotion of higher education the School Board of Arbroath shall receive from the Trustees £120 yearly, exclusive of the sum provided to be paid them out of the Morgan (Dundee) Trust for a like purpose, in respect of which eight poor boys, to be elected by the Governors, shall receive higher education gratuitously. Should such payment cease, the sum of £120 shall be devoted to bursaries of from £15 to £20 each yearly, and tenable for a period not exceeding four years at a University or technical school—these to be exclusively for behoof of pupils from schools in the burgh. £60 yearly shall be applied to bursaries of from £5 to £10 yearly, to be called the Colvill or Dove Bursaries, tenable for two years at higher class schools, candidates to have passed the fifth standard and be pupils from schools within that area and the parish of St Vigeans, who require aid in obtaining such education. The residue of the income, which will include £40 provided for free elementary education shall be devoted for behoof of the last-mentioned class of pupils from schools within the Presbytery district of Arbroath, to bursaries, to be called Gibson Bursaries, of from £10 to £15 yearly, and tenable for three years—candidates not to exceed fourteen years of age. In the case of all the bursaries, competition shall obtain. Governors:—Representatives of Town Council—Ex-Provost Keith and James A. Dickson of Woodville. Representatives of the School Board of Arbroath—George Miln, solicitor, and Andrew Bennet, solicitor. Representatives of the School Board of St Vigeans—The Hon. F. J. Bruce of Seaton House and Rev. Alexander Mills, Colliston. Representative of the Minister and Kirk-Session of the Parish of Arbroath—The Minister. Representative of the Gibson Fund Trustees—Second Minister of Arbroath, and Rev. W. J. F. Robberds. Representatives of the Trustees of the late John Colvill—Rev. Wm. Duke, D.D., St Vigeans, Bailie Sandeman. Chairman—J. A. Dickson. Clerk—W. K. Macdonald, Town-Clerk.

**DOVES 1841.**—The free rental of a dwelling-house in Park Street, formerly devoted to the education of boys belonging to poor parents, now administered by Arbroath Educational Trust, by whom the property in Park Street has recently been sold. (See above.)

**PETRIE'S TRUST.**—In 1875, Mr William Petrie, manufacturer, bequeathed to Trustees properties supposed to amount to about £2000, the rentals of which, at the death of a life-renter and annuitant created by him, to be distributed by them in £10 shares amongst "poor deserving women, of respectable character, being in and belonging to, and at the time resident in, the parish of St Vigeans, and who have not been in receipt of parochial relief for the preceding five years at least." Geo. Miln, solicitor, clerk. The Three Trustees are—The Minister and Kirk Treasurer of St Vigeans, and the Provost of Arbroath.

**MILN'S CHARITY, 1830.**—The Annual Revenue of £200, bequeathed by the late Robert Miln, Esq., of Viewfield, to be applied annually in the purchase of coals and meal for the poor of the parish of St Vigeans, within the Parliamentary boundary of the Burgh of Arbroath. Trustees—The Minister and Kirk-Session of Inverbrothock Church, Arbroath. Andrew Bennet, solicitor, clerk.

**THE SMITH FUND,** for Destitute Sick, bequeathed by the late Alexander Smith, Esq., of Brothock Bank. The recipients must be residents. Trustees—The Parish Minister, Minister of Inverbrothock Parish Church, and the Kirk-Sessions of Arbroath and Inverbrothock. Agent—Andrew Bennet, solicitor.

"One of the latest evidences of Scottish intellectual renaissance is found in a series of remarkably cheap volumes which are being issued under the title of *Famous Scots*. One has only to run through the whole score of volumes to find little but praise for them. It may be hoped that the enterprise of the publishers will be adequately rewarded for making so notable a contribution to the literature of Scotland."—*Scotsman*.

**DOIG'S FAMILY BLEND OF  
 OLD SCOTCH MALT WHISKY.**

The Finest of OLD SCOTCH WHISKY. Blended and Bottled on the Premises. A Sample Bottle of this Excellent Whisky has been submitted to the Public Analyst, who reports as follows :

Laboratory of the Public Analyst,  
 Dundee, 14th May, 1885.

"This is to certify that I have examined a Sample of Whisky marked 'DOIG'S FAMILY BLEND,' sent to me by Mr James Doig, Family Grocer and Wine Merchant, Arbroath. I have to report that the Spirit is Strong and Pure. It has every quality of an Old and Thoroughly Sound Whisky, being practically free from Fusel Oil, and containing no poisonous ingredient."

(Signed) G. D. MACDOUGALL,  
 Public Analyst for the County of Perth, and the Burghs of Dundee,  
 Forfar, Montrose, and Arbroath.

# JAMES DOIG

Family Grocer, Tea, Wine, & Spirit Merchant.

## OPINIONS OF THE PRESS :

### DOIG'S TEA.

*What the Mercantile Age says :*

MR JAMES DOIG is a great believer in Indian, Assam, and Ceylon Teas ; and rightly so, for not only has he, but all the most competent judges, proved their superiority over those Teas grown in China. There is a uniformity of body in DOIG'S TEAS, as well as a Richness of Quality, and analytic tests prove that there is little mineral water, the tannin, nitrogen, and other properties being excellently balanced, so as to avoid undesirable astringency. His annual returns show a very marked increase in the sales.

### DOIG'S WHISKY, BEER, &c.

*What the Mercantile Age says :*

DOIG'S Malt, Wine, and Spirit Cellars are, on the whole, the Best I have seen north of Glasgow—very lofty, have an abundance of light, and the temperature is very carefully regulated for maturing and conditioning the valuable Stock of Malt Liquors. The Bottling Cellar is fitted with hot and cold water, and other appurtenances for effectually cleansing the bottles, and filling in a cleanly manner from the casks, Barclay Perkin's Stouts and Bass & Co.'s Ales. Proceeding to the Spirit Department, I found a Whisky—a surprisingly good blend of pure old Scotch Whisky—known as "Doig's Family Blend." It is a very old, pure Whisky, free from fusel oil, smoke, or wild flavour, and to connoisseurs of Whisky, as well as those whose health requires this article, I can confidently recommend it as a pleasant, honest stimulant of good age and purity. (*See Public Analyst's Opinion on Page 208.*)

### DOIG'S PROVISIONS, FEEDING STUFFS, &c.

*What the Mercantile Age says :*

DOIG'S Stock and management of his Establishment displayed many evidences of good and experienced generalship. The goods seemed fresh throughout, and chosen from the markets and manufacturing centres that I have visited a hundred and one times, and know, therefore, their pure dietary properties. The third storey of DOIG'S Warehouse is used as a general reserve stock warehouse for fruit, jellies, jams, biscuits, &c. Mr DOIG also conducts a very large trade in Feeding Stuffs.

## LIFE DEPARTMENT.

*Principal Advantages attaching to a Life Policy  
in the "NORTHERN":*

The "NORTHERN," having been established for over 60 years, is not a new and untried Company, and it has a good reputation for promptitude and liberality in all its dealings.

SECURITY undoubted, and cannot be excelled.

RATES OF PREMIUM Moderate.

ECONOMY IN MANAGEMENT.—Expenses limited to 10 per Cent. of its Premiums.

LARGE BONUSES.—For the Quinquennium ending 31st December, 1895, a Bonus of £1 11s 0d per Cent. per Annum upon the sum Assured was declared. The *Whole Profits* in the Participation Branch belong to the Policyholders.

LIBERAL SURRENDER VALUES allowed after Two Years' Premiums have been paid.

NON-FORFEITURE OF POLICIES.—Every effort is made by the Company to assist the Assured in keeping their Policies in force.

FREE WHOLE-WORLD POLICIES (in most cases) are granted from the commencement, without extra Premium.

POLICY FORM remarkably free from restrictions.

ASSIGNMENTS OF POLICIES are registered and acknowledged free of charge.

CLAIMS are paid *immediately* on proof of death and legal title, or, if so stipulated, when the Policy is issued, payment of the sum assured may be deferred for 21 years (or a shorter period, according to arrangement), during which time Interest at the rate of 3½ per Cent. per Annum shall be allowed to the legal representative of the deceased. This plan will, in many cases, obviate the difficulty which is often experienced in finding investments for the sum assured during the minority of children.
